THE CARAVAN

NOMADS

The National Oil-equipment Manufacturers and Delegates Society

March 2024

Greetings fellow NOMADS:

Thanks to everyone who made-up the "Full House" on Tuesday February 13th at The Ballroom at Tanglewood, 5430 Westheimer Road, Houston, TX 77056 where Kurt Abraham, Editor& Chief Forecaster of World Oil magazine provided a very informative forecast on the performance/outlook for Oil and Gas for 2024! World Oil magazine publishes in-depth features and articles on drilling, production and exploration, as well as economics, management issues and statistical analysis with over 87,000 followers. Many questions from the group was asked with explicit answers and discussions were implemented.

Please visit www.WorldOil.com and sign up for free or Follow them on FaceBook and LinkedIn to continue to be "in-the-know" on all Oil and Gas updates!

Tom Shrader, 2023 President was awarded a gift for his outstanding services for 2023 and Cornelius Jones was honored with a gift as the incoming President for 2024. Also, from discussions, one of our members were able to find a supplier of critical materials needed for his current project. Another member was able to get viable listings of candidates to fill a vacant position at his company. These are a few benefits of being part of our organization.

Cornelius Jones
2024 NOMADS President

We have a few executive board positions to be filled. Please review in the "Our Association" drop down and consider yourself or voice your opinion on someone you would like to fill the position. Finally, review our events calendar for our next speakers and events scheduled for 2024 at The Ballroom at Tanglewood, 5430 Westheimer Road, Houston, TX 77056.

Until next time…..Cheers to achieving MORE in 2024!
