

DECEMBER 2022

THE CARAVAN

NOMADS

The National Oil-equipment Manufacturers and Delegates Society

A word from our president

My Fellow NOMADS:

Thank you to all who joined the November induction meeting, especially our past presidents: Bill Hmppi, Kurt Abraham, Robert Saucedo, and Michael Dyll. We gained four new members this year and two were present for formal induction (Udaya Bhaskar and NK Gupta).

December 13th is our annual business meeting. Please join and lend your voice and vote to the future of our organization. Topics include operating budget, special events (kickoff, OTC, golf), and scholarships.

We also lost three NOMADS this year: Carl Davis, Jim Lewis, and Ray Denson. They will be appropriately remembered by our fellow NOMADS at the business meeting.

We have one candidate to join the board of NOMADS as Seargent at Arms: Sang Karle, Askara Group.

2024 NOMADS BOARD CANDIDATE FOR SERGEANT-AT-ARMS

Sangeeta “Sang” Karle is President of Askara International Inc, a business and technical consulting company focused on introducing fit-for-purpose technologies and services, with our partners, to customers in India. With over 18 years of experience in the oil & gas, she has held many different roles including field & operations support,

project management, business development to now overall management of the company. Askara’s success and Sang’s passion is to strategically pair Indian customers with the right partner solution while developing long term relationships of value with both.

She completed her Masters from Johns Hopkins University and her Bachelors from Baylor University. She has lived in 5 countries and loves to travel. When Sang is not working, she enjoys being outdoors and playing sports

"I joined Nomads in January 2020 and over the last 2 years despite Covid, I have met very interesting people, learned about new O&G technology as well as developed some strong friendships. I would now like to serve on the board to further my support for this group and try to grow our membership and interest as I believe NOMADS has a lot to offer. I look forward to the opportunity, if given, to share more about my international experiences as well as hear from others. Thank you."
